## Pure Access Cloud update planned for release July 22nd

### ***Schlage MTB Readers now added to Pure Access + Schlage Ecosystem***

Pure Access Cloud will have an automatic, cloud-based update in mid-July that expands its support of the growing Schlage connected hardware portfolio. With this release, Pure Access Cloud adds the ability to read Schlage Mobile Bluetooth® Credentials for Schlage MTB mobile-enabled multi-technology readers when paired with the IP Bridge. Users will now see a new device setting in Pure Access Cloud for the IP-Bridge which enables seamless compatibility with Schlage Mobile Bluetooth® Credentials.

As a reminder, Schlage Mobile Bluetooth® Credentials is included with the license price of Pure Access Cloud Software; there is no additional cost per mobile credential.

The full Schlage + Pure Access ecosystem now includes:

- Pure Access Cloud software
- Schlage RC reader controllers
- Schlage NDEB wireless cylindrical locks
- Schlage LEB wireless mortise locks
- **Schlage MTB mobile-enabled multi-technology readers with IP Bridge (NEW)**
- Schlage Mobile Bluetooth®, MIFARE Classic, DESFire EV Credentials

### Questions or concerns?

For any questions or concerns, please contact our Pure Access Solution Team at 1-800-581-0083 and [ISONAS.Sales@Allegion.com](mailto:ISONAS.Sales@Allegion.com) or your local Allegion Sales Representative.
