

The Allegion Advantage

Win more competitive bids with lower cost driven by simplicity and speed of install

ISONAS™

Simpler, easier and faster to install

The ISONAS Pure IP family takes advantage of patented technology and remains an all in one intelligent device eliminating the need for a separate panel.

Panel access control

ISONAS eliminates

- Main panel
- Electrician 120VAC
- Door controllers
- Power supplies

All in one reader controller

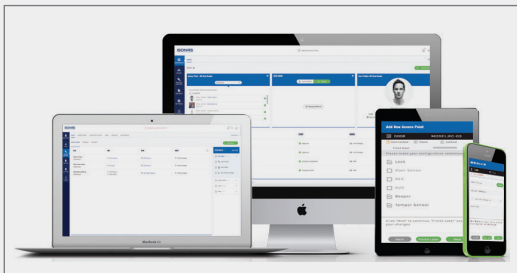

- Utilize on-site IT network
- Scalable
- Flexible
- Less expensive

Features include:

- Multiple form factors
- Multiple RFID formats (125 kHz and 13.56 MHz)
- Bluetooth enabled to allow use of smart phone as a credential
- Local mode decision making allowing functionality without network connectivity
- Advanced tamper detection via accelerometer
- Metal back plate for ease of installation
- Indoor and outdoor rated – IP56
- UL294 V6 Certified
- Made in the USA
- Field programmable IP
- Encryption key management

ISONAS required equipment

Pure access software

+

Pigtail cable

+

Reader controller
PoE power and cabling required

+

Advanced security module

Only 3 items are required for an ISONAS access control system

Optional

LOCKNETICS

Discover the simplicity of Locknetics

Backed by the strength and promise of Allegion, Locknetics provides electro-mechanical hardware for access control solutions.

Electromagnetic locks

Featuring:

- UL listings
- Dual voltage 12 or 24 VDC
- Easy mounting bracket

MG Series 600/1200lbs (single/double maglocks)

- Bi-colored LED bond sensor included
- Built-in voltage spike suppressor
- Delay timer and door status sensor switch options available

WMG600 and WMG1200 Series

- Sealed stainless steel housing
- Magnetic bond sensor included
- Built-in voltage spike suppressor

Electric strikes

Featuring:

- UL listings
- Dual voltage 12 or 24 VDC
- Field selectable fail-safe/fail-secure*
- Latch bolt monitoring (LBM) available in all strikes

CS450 and NC450 cylindrical strikes

- Low profile ($\frac{9}{16}$ ") with trim piece and mounting tabs
- No frame cutting required (NC450 only)

CS750 cylindrical strike

- Low profile ($\frac{3}{4}$ ") with trim piece and mounting tabs

MDS100 mortise door strike (fire rated version available)

- Heavy duty design with five faceplates included

RS200 rim strike

- Low profile $\frac{1}{2}$ " Pullman latch throw with multiple spacers

RS300 rim strike (fire rated version available)

- $\frac{3}{4}$ " Pullman latch throw with multiple spacers

* Non-fire rated models

Access control accessories

A wide variety of products and options to complete your access control system needs.

About Allegion

Allegion (NYSE: ALLE) is a global pioneer in seamless access, with leading brands like CISA®, Interflex®, LCN®, Schlage®, SimonsVoss® and Von Duprin®. Focusing on security around the door and adjacent areas, Allegion secures people and assets with a range of solutions for homes, businesses, schools and institutions. Allegion had \$2.7 billion in revenue in 2018, and sells products in almost 130 countries. For more, visit www.allegion.com.
