INPACT door systems

Integrated door solution

Overview

One specification. One order.
One acknowledgement. One
installation. One shipment.
One invoice.

Allegion's INPACT door system provides an all-in-one door solution that meets the aesthetic and functional requirements of the opening with proven, reliable industry-leading brands. This customizable integrated solution is designed to work together, with exit device installed and assembly arriving ready to install at the job site. Streamlined installation reduces field installation time and costs.
