Testimonials

“I can’t say enough good things about the support we receive from our Allegion reps. They’ve instilled in us that if we need help, it’s just a matter of a phone call.

Our district made the decision to exclusively use LCN door controls over 10 years ago. When it’s time to replace failing hardware from another manufacturer, **we always install a new LCN closer**—typically the 4040XP. I love the consistency—when I open the box, I know exactly what I’m getting and how to install it. And I know every product is backed by outstanding support. I’m thankful for the service the Allegion offers—the district made the right decision.”
