You have unique needs.

“I need the ability to instantly lockdown my classroom in the event of an emergency.”

The CO-220 allows you to:
- Initiate immediate local lockdown with a remote fob
- Verify door status with LED visual indicator

“Around here, lost keys and turnover are a big concern.”

The CO Series allows you to:
- Issue PIN codes, fobs or cards
- Easily add and delete users
We designed the CO Series to address them.

“We run two shifts. I need to restrict when employees can access the building.”

With the CO-200 and CO-250 you can:
- Control who has access where and when*
- Program time zones, holidays and auto unlocks*

“Our facility has sensitive areas. I want the ability to review who gained access.”

The CO-200 and CO-250 allow you to:
- Retrieve audit trails from the lock*
- Review who requested access and when*

* These features require access control software
Versatile

CO Series locks offer a wide variety of options, so it’s easy to find the right solution for any facility.
