

SCHLAGE

620/631 Series

Heavy-duty pushbuttons

Overview

Schlage pushbuttons are used to control the ingress and/or egress of a door. The 620 and 631 Series pushbuttons are easy to install and operate. Their standard and narrow stile plates offer ultimate flexibility. The 620 to 631 Series have multiple button configuration and finish options provide enhanced architectural appeal.

Schlage 620 and 631 Series pushbuttons also offer significant installer-friendly innovations such as screw terminal connections for the momentary action models and easy-to-install L2/ILL optional PC board, offering backlit illumination for the cone with green, yellow and red LEDs. Additional options include maintained or delayed action, double pole double throw switches, narrow stile faceplates and heavy-duty faceplates with several architectural finishes.

Features and benefits

- 620 Series offered in 5 button colors
- "PUSH TO EXIT" message and handicap symbol choices provide obvious action indication
- Glow-in-the-dark and LED backlit button options
- Momentary action is standard; factory orderable with delayed (0-60 second) or alternate action
- Double pole, double throw optional (not available with delayed action)
- Standard, heavy-duty single gang faceplate or narrow stile option
- 1¹/₄" inset, 1⁵/₈" mushroom and 2³/₄" large mushroom buttons
- 630 satin stainless steel standard plus 6 other finish options
- Extreme duty 631 models come standard in cast zinc with 626 satin chrome finish
