Schlage Control™ Smart Deadbolts mark a new era of electronic access control in the multifamily world. By ushering in the next generation of highly scalable, efficiency boosting capabilities, multifamily properties can focus on operating more profitably—and with greater appeal for residents.

Using ENGAGE™ cloud-based mobile or web apps, facility staff can configure and manage access from virtually anywhere. The open integration capabilities, offer flexible, streamlined control and the freedom to integrate with our Software Alliance Members to manage a wide spectrum of facility needs. Residents will enjoy the convenience of using a smartphone and/or smart credentials to open doors.

Schlage Control™ Smart Deadbolts are part of an extensive Allegion™ lineup, which holds a solution for every door a multifamily property needs to manage.

Benefits

- Improves security and safety, reduces liability
  - No-cylinder design makes locks 100% pick proof
  - Designed for accessibility using smart credentials and/or smartphone (by using Software Alliance Member mobile application)
- Increases efficiency of property operations
  - Eliminates cost and hassle of managing of keys
  - No-tour functionality (altering access to a lock without having to visit it)
- Maximize return on investment
  - Smart credentials eliminate lock rekeying costs
  - Upgrades property visual appeal
