

Wristband credentials

Overview

Smart wristband credentials from Schlage® combine a smart solution with a wearable format. This credential offers convenience and secure access in a waterproof, silicone wristband, available in eleven colors. The smart wristband uses securely encrypted data, which is verified by both the credential and the reader, operates with 13.56 MHz frequency, and has 1K byte/8k bit of storage.

Features and benefits

- Waterproof casing allows it to be worn in water
- Durable silicone protects against wear and tear
- Heat resistant, ideal for high temperature environments
- Easily fits an adult wrist
- Wearable - enabling easy access at all times
- Available in 11 colors to match your school or business
- Utilizes MIFARE Classic® smart technology
