# 8310-806K Remote Key Switch

Installation Instructions

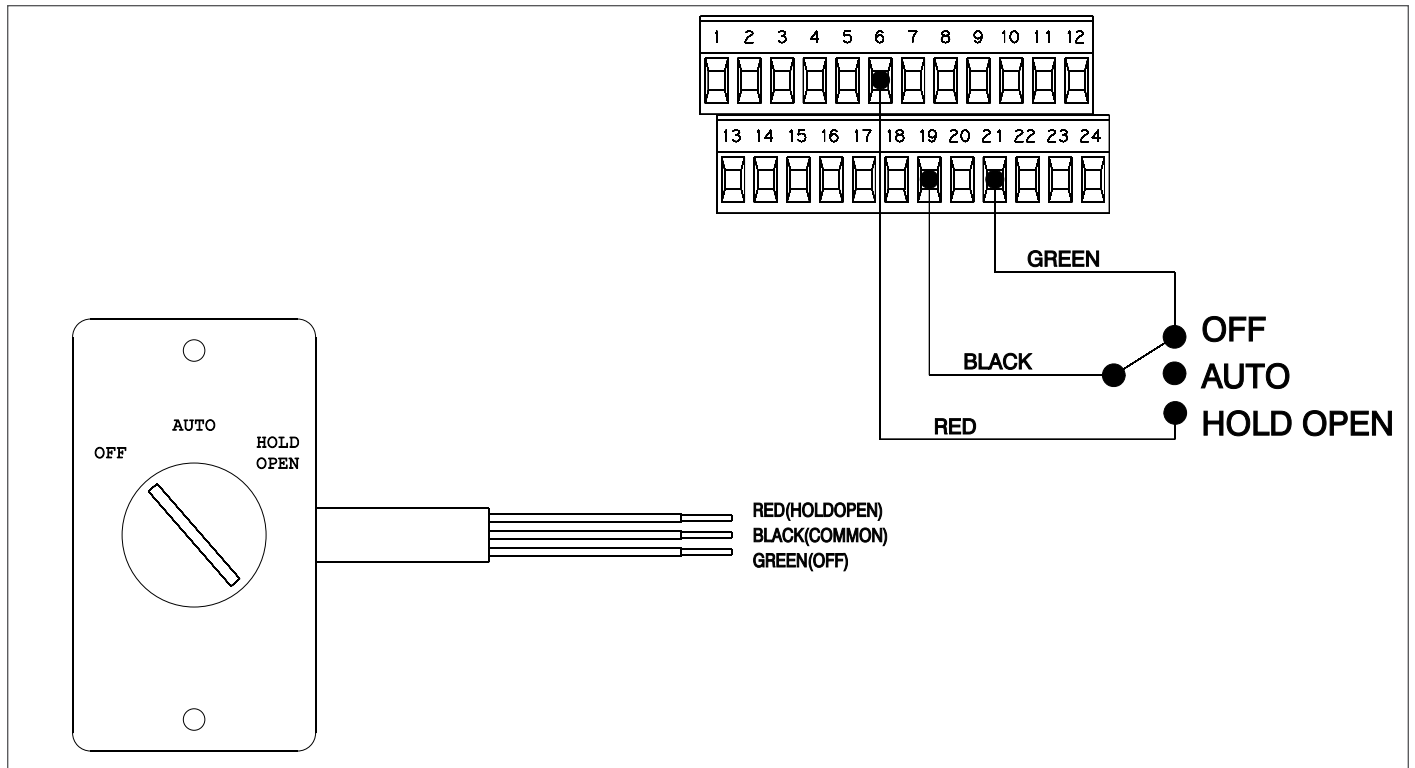

The 8310-806K allows the Electric Auto-Equalizer to be set to one of three modes.

- OFF - the operator will not respond to any input signals.
- AUTO - the operator will respond to input signals and open the door.
- HOLD OPEN - the operator will open the door to 90° and remain there until the key is turned to another position.

① **NOTE: the key can be removed in any position.**

To install:

- 1a Use stick-on template (provided) and place at desired position. Drill the (2) .116" dia. holes and the (1) 1" dia. hole as shown.
- 1b Route the 6' wire cable to the operator.
- 1c Connect the green wire to terminal 21.
- 1d Connect the black wire to terminal 19.
- 1e Connect the red wire to terminal 6.
- 1f Use the key to put the operator in the desired mode.
