696/697TP/TP-BE

Installation Instructions

1. Prepare door for exit device. See exit device instructions for holes, line XX, and center lines.

2. Prepare door for trim:
   A. Transfer line XX from inside (exit device side) of door to outside (trim side) of door. Use extra care if edge of door is beveled.
   B. Locate and prepare all holes as shown.

3. For TP trim with 98/99 Rim, 98/9927, or 98/9947 exit device:
   A. Install cylinder (Figure 1).
   B. Cut cylinder tailpiece to extend 7/16" to 9/16" out of exit device side of door.
   C. Install tailpiece guide in exit device cam (Figure 2).

4. Apply trim.

5. Apply exit device.
