

Product Release Information: Gateway Firmware 01.55.24

Product	Gateway
Version Number	01.55.24
Firmware Release Date	June 28, 2019
Production Release Date	July 2019
Customer Support	For more information or support, visit the ENGAGE Technology Solutions web site

Attention:

This document contains the **Release Notes** for Gateway firmware version **01.55.24**. The version includes feature updates and improvements made after the Gateway product release firmware 1.53.18 released in August of 2018

Installation and Update Notes:

Installation:

Gateway firmware updates can be accomplished using the ENGAGE Mobil Application and/or use the Gateway API when commissioned in IP mode.

Device firmware is made available through the ENGAGE™ cloud database.

The new features and improvements noted here are only possible when the ENGAGE Software, Gateways, locks and the mobile application(s) are all updated to the following firmware and application versions (or higher)

- Gateway firmware – **01.55.24**
- NDE firmware – **02.12.72**
- Schlage LE firmware – **01.07.67**
- MT20W Credential Reader – **39.00.00**
- Schlage Control firmware – **03.07.03**
- iOS Mobile application – **2.3.4**
- Android Mobile application – **3.4.4**
- ENGAGE Software – **6.1.4**

NOTE: ALL **BOLD** item(s) above have been updated from the previous releases
