

## Product Release Information: NDE Firmware 02.12.72

<b>Product</b>	NDE
<b>Version Number</b>	02.12.72
<b>Firmware Release Date</b>	June 30, 2019
<b>Production Release Date</b>	July 2019
<b>Customer Support</b>	For more information or support, visit the <a href="#">ENGAGE Electronic Locks</a> site

### **Attention:**

This document contains the **Release Notes** for NDE device firmware version **02.12.72**. This version includes feature updates and improvements made after the NDE firmware 02.12.58 released in September of 2018

### **Installation and Update Notes:**

Device firmware updates are available June 30, 2019 through the ENGAGE™ cloud database.

Starting 06/30/2019, from the ENGAGE web portal, each lock may be independently selected by the site administrator to have the latest firmware downloaded during the next scheduled Wi-Fi connection. Alternatively, the site administrator may connect locally to individual locks with the ENGAGE mobile application to update an NDE with the latest firmware.

The [Knowledge Center information portal](#) provides additional information: Search for the “How do I perform NDE Firmware Updates” solution for more details.

Firmware versions that will be installed with this update:

- **Main Application**      **02.12.72**
- **Reader Application**    **02.04.14**
- *BLE Application*        01.04.127-1.3.0
- *Wi-Fi Application*      4.77. r2153

NOTE: The **BOLD** item(s) above are updated from the previous release

Other system components versions to be used with this release: (or newer)

- Gateway                    01.55.24
- MT20W                     39.00.00
- Android Application      3.4.4
- iOS application          2.3.4
- ENGAGE                    6.1.4

***Who should update?***

Allegion recommends keeping all devices at your site up to date with the latest firmware and software. We strive to provide the best products and service for our customers and security upgrades are highly recommended.

Our latest firmware and software releases will allow the customer to get the most from their devices.

Specifically, any customer interested in any of the following Recent Changes should update their NDE lock firmware to version 2.12.72.

**Recent Changes:**

- Apple Student ID NFC credential
  - Added support for the Apple Student ID NFC credential
  
- 410 RSI Cache Mode Improvements
  - Removed limit to Cache Mode access and records for 410 RSI
  - Access will be granted to valid users even after extended Cache Mode use

**NOTE:** NDE devices that are factory programmed with ENGAGE 6.0 firmware 2.11.18 (manufactured December 2017 or later) are not backwards compatible with older versions of NDE firmware, 2.10.08 or older.
