**Attention:**

This document contains the **Release Notes** for Schlage Control™ Mobile Enabled Smart Lock devices (BE467/FE410) firmware version **04.06.03**. This version includes feature updates and improvements made after the Schlage Control product firmware **04.05.19** released in September of 2020.

**Installation and Update Notes:**

Device firmware updates are available April 2020 through the ENGAGE™ cloud database.

The site administrator can update the firmware on one BE467/FE410 unit at a time using the ENGAGE™ Mobile Application.

Firmware versions applicable with Schlage Control™ Mobile Enabled Smart Lock:

- Control firmware **04.06.03**
- Bluetooth module **02.11.01-241**

Other system components versions to be used with this release: (or newer)

- Gateway 1.57.10
- Android Application 4.4.40
- iOS application 3.2.12
- MT20W 39.04.00
- ENGAGE 7.5.0
Who should update?

Allegion suggests that customers utilize the latest firmware release to take advantage of the latest functionality, bug fixes, and security enhancements. We strive to provide the best products and service for our customers.

Our latest firmware and software releases will allow the customer to get the most from their devices.

Specifically, all customers who would be interested in the Recent Changes should update all the devices and mobile devices used at their property:

**Recent Changes:**

- BLE Credentials handling was updated to follow security best practices

- Addition of Firmware improvements to better align with security best practices
  - In order to take full advantage of these improvements, device firmware is no longer allowed to be downgraded to a version previous to 04.06.03
