IMPORTANT: THIS DIAGRAM IS NOT TO SCALE AND FOR DIMENSIONAL REFERENCE ONLY! DO NOT TAPE TO DOOR & HEADER FOR USE AS A DRILLING TEMPLATE! USE THE PAPER DRILLING TEMPLATE THAT WAS INCLUDED WITH LOCK.

NOTE:
A variety of #10 fasteners are included in the hardware pack. Select the correct fasteners for the door and header materials involved:
- For wood or hollow metal doors and headers, use self-tapping sheet metal screws.
- For reinforced or heavy-gauge metal doors and headers, use machine screws.
