IMPORTANT: THIS DIAGRAM IS NOT TO SCALE AND FOR DIMENSIONAL REFERENCE ONLY!
DO NOT TAPE TO DOOR & HEADER FOR USE AS A DRILLING TEMPLATE!
USE THE PAPER DRILLING TEMPLATE THAT WAS INCLUDED WITH LOCK.

NOTE:
A variety of #10 fasteners are included in the hardware pack.
Select the correct fasteners for the door and header materials involved:
> For wood or hollow metal doors and headers, use self-tapping sheet metal screws.
> For reinforced or heavy-gauge metal doors and headers, use machine screws.
