

ALLEGION™

Door and
hardware
solutions for
retail openings

Delivering the Allegion promise to our partners

Allegion brand products provide real-world door, hardware and security solutions for retail openings. When you partner with Allegion, your entire construction, maintenance and loss prevention process is improved through coordinated specifications, materials, sourcing and support services. An Allegion partnership delivers superior results that include increased product performance and operational efficiencies, controlled material costs and consistent source of supply, and enhanced safety and security throughout the lifecycle of your facilities.

Bringing value throughout the entire process

- **New store construction** – design; specifications; procurement; code compliance
- **Existing store remodels** – product standardization; controlled material costs; sourcing
- **Facility maintenance** – product continuity; warranty processes; service coordination
- **Loss prevention** – physical security; access control; key system design and management

Allegion has the right brands, products and programs for every retail environment

Steel doors and frames

Our hardware consultants know their stuff

Allegion has more than 150 hardware consultants located across the nation who are all well-versed on building code compliance, product application, and loss prevention solutions specific to retail store design - everything you need from a complete door and hardware provider.

How we can help

The Allegion Retail National Accounts Team provides a wide variety of consultation and support services to assist regional and national retailers in managing their design, specification, procurement, maintenance, and security functions.

- Specification writing and review services
- National account vendor programs
- Service provider coordination
- Standardization of materials
- Product and applications training
- Architectural reviews and consultations
- Key systems design and management
- Loss prevention and life-safety solutions
- Access control applications
- ADA and building code compliance
- Physical security assessments
- Warranty and TCO support services

Partnering with the retail industry's best door and hardware suppliers to deliver superior results

Allegion actively works through knowledgeable and proven door hardware distributors and service providers to deliver our products and solutions to regional and national retailer partners. Our Allegion Retail National Accounts Team coordinates retailer partner support services in conjunction with these suppliers to deliver superior results specific to each retailer partner's specifications, NAV agreements and procedural requirements.

Our commitment

Allegion products protect people and their property, wherever they live, work and visit. Our knowledge of the physical retail environment helps to ensure the safety of our customers, and the public they serve. We invite you to contact us for a consultation to determine which Allegion products and solutions best fit your retail needs.
