Start smart
with Allegion and simplify your multifamily projects
Start smart with Allegion

At Allegion, we are proud to have over 600 trusted advisors across the country to serve your needs. We have developed relationships with experts at every touch point of a job, streamlining the design, coordination, construction and operations of your projects.
Beyond solutions

It's our mission to create seamless access for you and your customers. Through our trusted family of brands, built on strength and security, we are able to create customized solutions for your property. Our comprehensive electronic and mechanical portfolios will provide you with solutions that are not only in budget, but will help you generate revenue and lower operating costs.

When you choose to work with Allegion, you can expect us to provide you with tools and services that go beyond the product or solution to ensure your job is executed accurately and efficiently.

Tools and services

- Specification consultation
- Code consultation
- Submittal reviews and RFAs
- Pre and post installation trainings
- Cloud collaboration platform for the design and specification of your door hardware
Building Proptech Alliances

Technology adoption and disruption in the world of multifamily is happening quickly. Allegion is actively building an ecosystem of property technology (Proptech) alliances to provide a holistic solution that fits our customers' needs.

Together with our Proptech alliances, we are providing developers, owners, property managers and residents services and amenities that shape the experience in multifamily. From our own access control software solution, to leveraging our Proptech alliances to bringing a custom experience to life, our network enables you to do more.

Visit multifamily.allegion.com to see a comprehensive list of partners in our ecosystem.
Schlage Mobile Access Solutions

The comprehensive Schlage Mobile Access Solution includes the Schlage mobile enabled multi-technology readers, mobile enabled wireless electronic locks and Schlage Mobile Access Credentials. Schlage offers the most complete, secure and flexible mobile access solution available in the industry today.

For more information on our Schlage Mobile Access Solutions, please visit us.allegion.com/schlagemobileaccess.

Allegion creates value by securing people and assets with seamless access:

- **At home**
  - Multifamily residential and mixed-use properties

- **At work**
  - Commercial and institutional buildings

- **In your community**
  - Schools and public buildings

CYBERSECURITY
Learn about Allegion's commitment
ENGAGE™

Everyday tasks made simple

ENGAGE™ cloud-based web and mobile applications simplify the ability to connect people, openings and access management to deliver cost effective intelligence and efficiency to any facility. With ENGAGE, it’s easy to manage your entire property from anywhere through one platform.

For more information on ENGAGE, visit allegionengage.com.

With ENGAGE, you can:

- Add new locks or devices (mobile app)
- Configure lock/device settings
- Add new users and enroll credentials
- Assign credential types and issue no tour credentials
- Manage users and assign access privileges
- Set lock/device schedules, user schedules and holidays
- View and export audits
- Use smart device as credential to access openings
Suiting

With complete solutions from residential to commercial and mechanical to electronic, we are the only manufacturer to offer a range of premium, standard and basic products for every need and budget.

As a single source supplier specializing in multifamily solutions, our sales team and spec writing experts can assist you and ensure that lever designs and finishes suite throughout the building.

For a full view of our suiting capabilities, check out our Suiting Guide.
