IVES - FB31 Series Automatic and FB51 Series Constant Latching Flush Bolts by Allegion

Health Product Declaration v2.3

created via: HPDC Online Builder

HPD UNIQUE IDENTIFIER: 1315534848
CLASSIFICATION: 08 71 00 Door Hardware
PRODUCT DESCRIPTION: The IVES FB31 and FB51 flush bolts are essential door hardware components specifically designed to secure the inactive leaf of double door systems. These flush bolts are widely used in both commercial and residential settings to enhance security and maintain proper door alignment. The FB31 Series flush bolts will relatch when the active leaf is closed after the inactive leaf has already been closed. On the other hand, the FB51 series flush bolts automatically relatch whenever the inactive leaf is closed. The FB31 Series is available in three configurations: top flush bolt only, bottom flush bolt only, or as a pair containing both top and bottom flush bolts. The FB51 Series, on the other hand, is available as either a top flush bolt only or as a pair of top and bottom flush bolts. With their reliable functionality and wide range of configuration options, the IVES FB31 and FB51 flush bolts are trusted choices for securing double door systems, providing peace of mind in both commercial and residential applications. Both the FB31 and FB51 series are offered in brass and stainless steel bases, providing durability and strength. Additionally, a variety of finish options are available to meet different aesthetic preferences and design requirements.

Section 1: Summary

Basic Method / Product Threshold

CONTENT INVENTORY

Inventory Reporting Format
- ○ Nested Materials Method
- ◉ Basic Method

Threshold Disclosed Per
- ○ Material
- ◉ Product

Threshold Level
- ◉ 100 ppm
- ○ 1,000 ppm
- ○ Per GHS SDS
- ○ Other

Residuals/Impurities Evaluation
- ◉ Completed
- ○ Partially Completed
- ○ Not Completed

Explanation(s) provided :
- ◉ Yes ○ No

For all contents above the threshold, the manufacturer has:

Characterized ◉ Yes ○ No
Provided weight and role.

Screened ◉ Yes ○ No
Provided screening results using HPDC-approved methods.

Identified ◉ Yes ○ No
Provided name and CAS RN or other identifier.

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

INVENTORY AND SCREENING NOTES:

Special Conditions applied: [MetalAlloy]

Inventory is based on IVES FB31P automatic flush bolt and FB51P constant latching flush bolt with a stainless steel base. This HPD covers the following finishes: 629 (bright stainless steel) and 630 (satin stainless steel).

VOLATILE ORGANIC COMPOUND (VOC) CONTENT

VOC Content data is not applicable for this product category.

CERTIFICATIONS AND COMPLIANCE *See Section 3 for additional listings.*

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- *Basic Inventory method with Product-level threshold.*
- *Nested Material Inventory method with Product-level threshold*
- *Nested Material Inventory method with individual Material-level thresholds*

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.3, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-3-standard

IVES - FB31 SERIES AUTOMATIC AND FB51 SERIES CONSTANT LATCHING FLUSH BOLTS

PRODUCT THRESHOLD: 100 ppm

RESIDUALS AND IMPURITIES EVALUATION COMPLETED: Yes

RESIDUALS AND IMPURITIES NOTES: Residuals and impurities were collected for all raw materials included in this product. All chemicals that fall above the stated threshold are included.

OTHER PRODUCT NOTES:

UNS G10800-10220 STEEL ALLOY

ID: UNS G10080-10220

HAZARD DATA SOURCE: **Pharos Chemical and Materials Library**

%: **35.0000 - 45.0000** GreenScreen: **See notes** RC: **None** NANO: **No** MATERIAL ROLE: **Structure component**

HAZARD TYPE	AGENCY AND LIST TITLES	WARNINGS

Hazard Screening is not applicable to this Special Condition

METAL ALLOY HPD: See alloy HPD for alloying content inventory, GreenScreen scores, and hazards: [UNS G10080-10220]

METAL ALLOY NOTES: In compliance with HPDC Special Conditions Policy for Metal Alloys, the listed alloy is considered the ingredient in this product, and is reported without information regarding its alloying elements. Metal alloys have different intrinsic characteristics, including health and environmental hazards, than their alloying elements. An alloy HPD with alloying element content inventory, their GreenScreen scores, and hazards is available at the link above.

GREENSCREEN BM-1 & LT-1 ALLOYING ELEMENTS: None

LISTING NOTES: No Additional Listings appear for the alloy.

MATERIAL CONTENT NOTES: GreenScreen BM-1 and LT-1 scores of constituent alloying elements are listed, but it should be noted that hazard assessment of individual elements is different and not commensurate with hazard assessment of metal alloys, which have different physical and reactive properties, and for which a comprehensive hazard assessment methodology has not been identified that supports the purpose of an HPD. No metal alloy product or supplier HPDs available.

CERTIFIER OR LAB: None

CERTIFICATION AND COMPLIANCE NOTES:

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

IVES COR BAR COORDINATOR
MANUFACTURER (OR GENERIC): **Allegion**

HPD URL: No HPD Available
ACCESSORY TYPE: Other
CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES: It is recommended that Ives FB31 series automatic flush bolts and IVES FB51 series constant latching flush bolts are installed with a coordinator, such as the IVES COR bar coordinator, as well as a door closer, such as the LCN 4000 series.

LCN 4000 SERIES
MANUFACTURER (OR GENERIC): **Allegion**

HPD URL: No HPD Available
ACCESSORY TYPE: Other
CONDITION WHEN RECOMMENDED OR REQUIRED AND/OR OTHER NOTES: It is recommended that Ives FB31 series automatic flush bolts and IVES FB51 series constant latching flushbolts are installed with a coordinator, such as the IVES COR bar coordinator, as well as a door closer, such as the LCN 4000 series.

Section 5: General Notes

This HPD covers Ives FB31 series automatic flush bolt and IVES FB51 series constant latching flush bolts with a stainless steel base and a bright stainless steel (629) or satin stainless steel finish (630). Constant latching flush bolts automatically relatch anytime the inactive leaf is closed. Automatic flush bolts relatch when the active leaf is closed after the inactive leaf has already been closed.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- *a method for the assessment of exposure or risk associated with product handling or use,*
- *a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
